NEW GS
SERIES
RING TRAVELERS

The **GS** Series special finish enhancement provides superior surface qualities to the ring traveler.

A. B. Carter, with its long 100 year history of ring traveler innovation offers the new **GS** Series of ring travelers.

The **GS** Series delivers a reduction in the co-efficient of friction resulting in improvements with ring traveler life, yarn quality and yarn end breaks. See the world class quality and production the **GS** Series provides for all ring spinning mills.

The **GS** Series offers improvements for all yarn parameters and applications.
